### RFP for Engineering Services - March 9, 2017

Engineer certified in stormwater BMPs needed for grant project work by the Coral Bay Community Council (CBCC).

Design and field inspection on small road improvement projects: swales, drainage, & surfacing in Coral Bay, St. John.

\$10-\$18,000 engineering work over 6 months on T&M basis.

If willing to discount your rates to help these nonprofit organization grant-funded projects accomplish more, show discount from your regular charged rates.

Please submit your email proposal with hourly rates, travel rate if coming from St Thomas, resume, evidence of stormwater management certification, & VI License, and any other information you deem useful to the decision process to [cbcc@coralbaycommunitycouncil.org](mailto:cbcc@coralbaycommunitycouncil.org) by March 31<sup>st</sup>. A copy of your standard contract would also be helpful. Please put **Engineer** in the subject line in your email.

**CBCC is an Equal Opportunity Employer and has a Drug Free Workplace Policy.  
CBCC encourages women and minority contractors to apply.**
