

Q 20 – What is the most important infrastructure to be added to Coral Bay and Why? Respondents had “blank space” to write in.

**Quick Tally of Infrastructure Needs Most Often Mentioned:**

Durable Communications – including cell and internet – 35 mentions

Road repairs and improvements – 30 mentions

Removing waste dumpster facility from visible road/mangrove area, improving solid waste process and recycling - 21

Gas Station in Coral Bay – 11 mentions

Central location for EMT, Fire and Police – 10 mentions

WAPA power generation for key core commercial/institutional area – 10 mentions

Community Center/hurricane shelter – 8 mentions

Removal of left over hurricane debris – 5 mentions

Paving Kings Hill Road as Alternate Route – 5 mention

Q20 What is the most important infrastructure to be added to Coral Bay and why?

A word cloud of infrastructure needs. The words are arranged in several lines. The largest words are 'Communication', 'Generator', 'Remove', 'Power', 'Shelter', 'Waste Dumpsters', 'Gas Station', 'Coral Bay', 'Road', 'Center', 'Service', 'Internet', 'Police', 'King Hill', 'Life', 'Water', 'WAPA', 'Medical', 'Explanation Needed', 'Grid', 'Continue', 'Improvement', 'Residents', 'Waste', 'Dumpsters'. The words are in various shades of blue and teal.

## Q20 What is the most important infrastructure to be added to Coral Bay and why?

Answered: 146 Skipped: 37

#	RESPONSES	DATE
1	Health/ Communication Center with x-ray, Satellite radio and other emergency support	5/26/2018 9:27 PM
2	Durable Communication	5/22/2018 2:58 AM
3	Roadway improvement and run off properly directed.	5/21/2018 3:26 PM
4	For me on the southside....right now, a line of communication (landline, cellphone something to call for help with)	5/19/2018 5:58 PM
5	A generator to service the core area, not our homes, but fire station markets etc	5/18/2018 7:14 PM
6	Internet to stay informed & be able to communicate	5/18/2018 1:39 PM
7	SOLAR!!!!!! Got to get off the freaking unreliable grid.	5/18/2018 12:20 PM
8	Water	5/17/2018 11:05 AM
9	Marina (small) to stimulate stagnant Coral Bay economy (even before the hurricane).	5/16/2018 7:00 PM
10	Communication. The fact that 9 months after the hurricane we still have no reliable means of communicating is outrageous. I am fortunate that I have other options. For those on island, a simple emergency can become critical rapidly when there is no certain way of calling for help.	5/16/2018 9:41 AM
11	gas no explanation needed	5/15/2018 8:30 PM
12	New Waste and recycling facility moved away from mangroves. For health, environment and tourism.	5/15/2018 7:32 PM
13	Better roads	5/15/2018 7:00 PM
14	Move the dumpsters and repair the roads!	5/15/2018 2:58 PM
15	Internet and A microgrid to power this side of the island in case we are cut off from Cruz Bay.	5/15/2018 12:42 PM
16	Reliable roads and reliable wireless phone and internet	5/15/2018 10:27 AM
17	Community center for big meetings and shelter	5/15/2018 9:44 AM
18	Reliable internet and phone communication system	5/15/2018 9:04 AM
19	Shelters and reliable communications.	5/14/2018 10:21 PM
20	We need a safe zone building and landing area for helicopters! This will provide a storm shelter for future and a store room for the supplies need to facilitate the handing out of supplies after a disaster. It needs to have a cistern and 2 locker rooms for showering and toilets- There needs to be a covered area for emergency vehicles to be parked out of the way of tornadoes and the roof used a landing pad for the drop off of emergency supplies.	5/14/2018 9:00 PM
21	Roads, they need major repairs, minor roads need to be maintained too	5/14/2018 3:11 PM
22	Community shelter/building	5/14/2018 2:36 PM
23	For us, telecommunications.	5/14/2018 1:17 PM
24	Gas station in coral bay	5/14/2018 11:57 AM
25	I haven't spent enough time on island since hurricanes to answer this question	5/14/2018 11:10 AM
26	central location for EMT/ fire/ police under one roof	5/14/2018 11:01 AM
27	I don't know ... get the garbage removed. Get a roof back on the Moravian church. Plant grass for the ball field. Make the entrance to coral bay welcoming again. Remove structures like Island Blues. Shipwreck Landing was also destroyed, but it's not an eyesore. Help those who own clean things up.	5/14/2018 10:36 AM

28	internet	5/14/2018 10:33 AM
29	Communication missed	5/14/2018 10:32 AM
30	Need big shelter for the obvious reasons.	5/14/2018 9:24 AM
31	Community and youth center and/or school.	5/14/2018 9:19 AM
32	Coral Bay needs trash disposal services. Even pre-hurricane, it was vastly insufficient. We cannot continue to pretend that there is not trash here, and just throw it by the road for donkeys and chickens to deal with. Now, with limits on hauling to the transfer station, the situation is even worse for owners of severely damaged property--like me. Again, it seems like "pretending" that St. John does not have tons of still-uncollected hurricane debris. We need to make it easier to do that removal speedily, not more difficult. Government transfer of trash from St. John should keep up with the need for residents to deposit trash.	5/14/2018 8:08 AM
33	Suitable Hurricane shelter now that the church and school are not viable. We all know the state of the roads after Irma. People shouldn't have to go to Cruz Bay to be safe during a storm.	5/14/2018 7:43 AM
34	Wireless vhf communication center in the event of another storm	5/14/2018 7:35 AM
35	We need better waste removal areas	5/14/2018 7:34 AM
36	Cell and internet. Communication essential. Tourists will not return if they have to drive 15 minutes to make a cell phone call. Without the tourists, economics of CB will be strained.	5/14/2018 7:08 AM
37	New Ron used generator	5/14/2018 6:14 AM
38	Better placement and service of Garbage dumpster	5/14/2018 4:57 AM
39	Walking paths unobstructed and trash removed. It's gross.	5/13/2018 8:12 PM
40	Roads need improvement	5/13/2018 7:54 PM
41	Affordable housing for residents	5/13/2018 7:40 PM
42	Minimal road system. We don't need more roads we next to have quality, environmentally smart roads.	5/13/2018 5:56 PM
43	Gas station. Traveling across the island should not be necessary.	5/13/2018 5:23 PM
44	Gas station to remove need to travel far in the event of another storm (for cars and generators) or permanent cell tower	5/13/2018 5:17 PM
45	Waste station away from Mangroves	5/13/2018 4:33 PM
46	Gas station for obvious reasons. It's a half-hour drive to the 2 gas stations on island. They are both on the same road. We used to have a gas station in Coral Bay but it's been gone for years. Also debris pickup is a priority.	5/13/2018 2:38 PM
47	power generation	5/13/2018 1:17 PM
48	A better way of handling and a less visible place for trash... a better way of sorting out the cardboard and handling the debris. Is there something that has been learned from dealing with hurricane-debris that could be adapted going forward for Coral Bay. Can people be "trained" a little on recycling card board at least? Is the "stuff swap" idea one that can be continued or expanded...?	5/13/2018 12:20 PM
49	power	5/13/2018 11:57 AM
50	Underground electric grid	5/13/2018 11:39 AM
51	Garbage disposal place that is off the main road and contained (fenced) and kept up (clean) - because present place always did and will look uninviting, disgusting , 3rd world country like!	5/13/2018 11:06 AM
52	Road repair, drainage, debris clean up, more timely trash bin pickup, fewer people who will dump anything anywhere, structures that have been damaged beyond repair but continue to sit without much change since last September. It can be depressing...once the heavy machinery is off the roads, perhaps some of this work can get done. On the other hand we are very appreciative of all that has been done and the responsible removal of tremendous amounts of debris as well as the restoration of power and the continuing efforts of CBCC and others to identify additional priorities.	5/13/2018 11:04 AM
53	underground power so we won't be out of power for 96 days as in Erma	5/13/2018 11:02 AM

54	Retaining wall or boulders on hwy 108 to stop the erosion from continuing onto the highway and into the bay.	5/13/2018 10:29 AM
55	Backup power generation and improved roads so heavy rain events don't cause wash outs or deep ruts.	5/13/2018 9:55 AM
56	Police and fire station	5/13/2018 8:57 AM
57	Electrical and communications for obvious reasons. Especially in East End and Southside.	5/13/2018 8:31 AM
58	Wifi	5/13/2018 8:23 AM
59	Our OWN, FULL-TIME and not 1/2 shRed "at large" SENATOR from St John and an Alderman or Mayor ...some kind of VOICE/ombudsman for Coral Bay	5/13/2018 7:34 AM
60	Repair roads	5/13/2018 7:14 AM
61	Alternate drive out other than Center Line. Bordeaux is really not a good option as this was blocked with the huge trees.	5/13/2018 6:55 AM
62	Debris removal. Before next hurricane	5/13/2018 6:29 AM
63	Ice and water post.	5/13/2018 12:52 AM
64	Reliable communications and a way to deal with rubbish better	5/13/2018 12:31 AM
65	Internet/way to communicate post disaster	5/12/2018 11:36 PM
66	Medical Facility .	5/12/2018 10:19 PM
67	Landline phone, DSL INTERNET, school	5/12/2018 9:59 PM
68	We need the Fire Station to be repaired and functional.	5/12/2018 9:56 PM
69	Garbage disposal.. The current location of the dumpster is an atrosity! It's a total hazard to our marine life and our self respect and to the community.	5/12/2018 9:16 PM
70	Stable power and infrastructure e.g. (road, farries etc)	5/12/2018 8:38 PM
71	Power lines and community wide generators	5/12/2018 7:44 PM
72	Road repairs and upgrades	5/12/2018 7:19 PM
73	Communication, shelters and road repairs	5/12/2018 6:50 PM
74	waste management/recycling complex. garbage not managed efficiently presenting health concerns, missed opportunities to be a better green earthing and the unattractiveness is bad for the economy	5/12/2018 6:49 PM
75	Coral Bay needs an emergency shelter/community center that can serve as a gathering place, information hub and distribution center after a major storm.	5/12/2018 5:47 PM
76	Good roads and getting rid of garbage	5/12/2018 5:35 PM
77	Ensure roads are good and access clear. Haven't been able to return since we left post hurricane so unclear how infrastructure is currently	5/12/2018 5:27 PM
78	Road improvements \$ trash removal.	5/12/2018 5:23 PM
79	Road repair. Only 2 ways in or out. If they fail (as they are threatening to do) we will be isolated.	5/12/2018 4:48 PM
80	To many bosses you kneed more Indian	5/12/2018 4:46 PM
81	telephone and internet service.We have no way of contacting EMS, Fire Dept. in case of emergency in Mandahl at this time	5/12/2018 4:36 PM
82	Better garbage solutions, better communication to the Coral Bay area. Garbage is a huge problem on CB. And it should not be so long or difficult to get better communication there after or even during storms.	5/12/2018 3:26 PM
83	NA	5/12/2018 3:06 PM
84	Internet and phone	5/12/2018 2:59 PM
85	Waste management away from main road, gas station and better roads.	5/12/2018 2:57 PM
86	cell service please	5/12/2018 2:57 PM

87	Reliable cell phone service	5/12/2018 2:45 PM
88	A customs house so we can get BVI yacht business. A big public generator. More public structures, a community park with shade and seating. A pump out station and gas station for boats to help economy.(not marina) A public marketplace for farmers, fishing or local crafters to help economy. A place with ac and computers where kids can do online school or homework.	5/12/2018 2:44 PM
89	Fire station	5/12/2018 2:40 PM
90	Keep kings Hill road passable Internet access	5/12/2018 2:20 PM
91	Connecting Kings Hill Rd to Centerline Rd. Would provide alternate route in case of landslides.	5/12/2018 2:00 PM
92	waste disposal and recycling; we can't keep it like a landfill and expect tourists to come. without tourists it's hard to sustain any economy	5/12/2018 1:48 PM
93	Communication	5/12/2018 1:21 PM
94	Storm shelter. Solar.	5/12/2018 1:15 PM
95	Landslide remediation, road repairs (public and subdivision), reliable powere supply to feed the new enhanced grid, storm strength cellular and 4G data service, better waste management operation.	5/12/2018 1:10 PM
96	Debris removal.	5/12/2018 1:05 PM
97	Repair of side roads... Many are currently vbery dangerous	5/12/2018 12:46 PM
98	Gas station! No explanation needed. It's been a long time since we had one	5/12/2018 12:30 PM
99	Communications	5/12/2018 12:27 PM
100	Competent and consistent waste removal	5/12/2018 12:24 PM
101	Is this a wish list or a what has already happened? Power and communications was the most important basic that has been accomplished. Future? A mandatory sewage facility for all boaters within Coral Bay with fines for those not in compliance.	5/12/2018 12:19 PM
102	Internet communications. We all have generators or can survive without power for an extended period of time. We can find ways to store and even types of food that don't require refrigeration. However, without internet communication we have difficulties with so many tasks from emergency response to organizing recovery efforts to simply learning about what is going on and what needs to be done.	5/12/2018 12:09 PM
103	Emergency services and reliable communication.	5/12/2018 11:56 AM
104	Reliable Internet for communication purposes. AND, reliable police presence.	5/12/2018 11:45 AM
105	The paving of King Hill Road as an alternative evacuation route when, not if, Centerline Road completely fails. Bury the wires. Improve the fire station. Give us back our school.	5/12/2018 11:45 AM
106	Gas it runs everything cars generators etc	5/12/2018 11:31 AM
107	We need to fix up and clean what we have....businesses, roads, garbage	5/12/2018 10:54 AM
108	Hurricanes shelter. Many people have nowhere to go in another storm like that.	5/12/2018 10:53 AM
109	A recycling center. We need to deal with out garbage correctly	5/12/2018 10:42 AM
110	I feel that road repairs would be fairly high up, as coral bay would literally be cut off if the roads collapse. The house on upper Carolina could also prove a real problem if that property continues to be undermined. Perhaps there could be some way of addressing that.	5/12/2018 10:41 AM
111	Hurricane related back up supplies and back up generator. Also, it would be helpful to have some sort of protection.	5/12/2018 10:40 AM
112	Debris clean up, road repairs & a stable power supply for the health & welfare of the community.	5/12/2018 10:40 AM
113	Power and cell tower on top of Fortsberg.	5/12/2018 10:38 AM
114	i do not know. I am too overwhelmed with my own petty little life at the moment	5/12/2018 10:34 AM
115	Fix Centerline Road Remove garbage across from dumpster	5/12/2018 10:30 AM

116	To move the garbage dumpsters away from the mangrove area, and into a more secluded area, away from tourist traffic. It's essential for tourism to have a clean, beautiful Bay Area to encourage tourists to enjoy Coral Bay come back again and again. The remnants of the Island Blues need to be removed to present a safe, community that looks able to manage property concerns thereby conveying to tourists a community that can provide other essentials: safe food, clean water and beaches and control of criminal activity. We are not a third world country.	5/12/2018 10:28 AM
117	Internet	5/12/2018 10:27 AM
118	We need to secure the ball field as a public space. It was hard enough getting help in Coral Bay. We need to have one central flat spot in Coral Bay for future disasters.	5/12/2018 10:25 AM
119	Remove new (previously not there) electrical poles which are obstructing views, and remove the hideous , offensively bright lights from all poles. These lights are bad for turtle nesting areas, other sea life. There has got to be a better	5/12/2018 10:25 AM
120	Electrical generating plant. We can't rely on WAPA	5/12/2018 10:21 AM
121	Emergency services	5/12/2018 10:20 AM
122	Road work	5/12/2018 10:18 AM
123	Quick internet post hurricane, more than one sat phone Remove houses that may slide down and block centerline Pave king hill rd to provide additional access to coral bay	5/12/2018 10:15 AM
124	Fire and emergency medical	5/12/2018 10:07 AM
125	Proper dump site that does not look and smell bad, and a gas station	5/12/2018 10:05 AM
126	backup electricity of some kind - generator, substation?	5/12/2018 10:05 AM
127	Clinic	5/12/2018 10:03 AM
128	Local WAPA generator to keep businesses running. Improved Internet access to keep communications flowing.	5/12/2018 10:00 AM
129	Comprehensive cell phone coverage - that can make up for a lot of deficiencies in many areas of communications when necessary.	5/12/2018 9:59 AM
130	road repair	5/12/2018 9:58 AM
131	police	5/12/2018 9:47 AM
132	Coral Bay NEEDS a school for our children k-12. Our boys are dropping out of school due to the fact they have to go to STT and be involve in a STJ STT island feud that has been going on even before my days of school	5/12/2018 9:38 AM
133	Better dumpster location. As current ones across from Kingshill Rd continue to be an eyesore & environmental problem as so much garbage ends up not in dumpsters, partially due to dumpsters so tall we can't get garbage in them!	5/12/2018 9:34 AM
134	Decent road surfaces and fix roads where caving may occur.	5/12/2018 9:29 AM
135	Remove debris and abandoned cars between ball field and Fortsberg Rd Rebuild Forestation School buildings resolution	5/12/2018 9:29 AM
136	Communications, clean-up	5/12/2018 9:28 AM
137	Centerline road must be rebuilt and restructured and reinforced. The road is underwashed and crumbling and the landslide threat is huge. Our children are transported twice a day in busses over this road. Access to Coral Bay depends upon Centerline being open. The first big storm to hit St John will likely underwash it and cover it with landslides.	5/12/2018 9:22 AM
138	Communication. Vans for CBCC could be useful in being able to take folks to and from meetings. No car, no phone leaves you in peril.	5/12/2018 9:19 AM
139	Gas station and hardware store.	5/12/2018 9:15 AM
140	Power generator	5/12/2018 9:13 AM
141	Reliable communication	5/12/2018 9:07 AM
142	Electrical and communications infrastructure that would be up and running immediately after next storm	5/12/2018 8:59 AM

---

143	Fixing the 2 bad rds that fill up Coralbay with mud turning it all brown. Killing the natural life in it. These rds are Johnny horn trail and Harold's way. Huge to get these 2 rds cemented like castances rd.	5/12/2018 8:53 AM
144	Free internet	5/12/2018 8:51 AM
145	Communications.....that is what caused people the most stress	5/12/2018 8:50 AM
146	Desperately need reliable communications including cell service, emergency health services and of course a gas station	5/12/2018 8:49 AM

---
